

We regret to inform you that, due to a technical issue, the CTi guide information for the Stingray Music channels (1200-1249 on IPTV) has malfunctioned. The program titles and descriptions on the CTi guide have disappeared. The channel numbers and call letters are still intact, however. In the meantime, you can click the link posted on our website to see a corrected guide. We apologize for any inconvenience this may cause.

Cordially,
