

Audible Navigation

CimTel now offers Audible Navigation on our CTi video service. This new service provides customers with visual impairment access to audible navigation (talking guide). The Talking Guide will allow you to hear audio prompts and guide information. Please contact us for more details. You may call us at 918 865-3311, chat with us at www.cimtel.net or message us from our web self-care service on www.cimtel.net.
